President's Letter

November 8, 2013

Members of the York Technical College Commission and the Community:

I am pleased to present the Comprehensive Annual Financial Report (CAFR) for fiscal year ended 2013. The purpose of this report is to provide information on the financial operations of the College, to highlight our achievements, and to update you on plans for the coming year.

As a College, we understand that our greatest commitment is to help our students be successful in their educational and career goals. Our mission statement, "Building Our Community Through Maximizing Student Success," expresses our commitment to our students and our community.

The College has also begun to place a greater emphasis on enrollment management. Enrollment management includes college-wide initiatives to admit and enroll students through a "holistic" front door process, promote student retention to achieve completion and graduation, and engage proactive processes for successful placement and transfer. The College has established specific measurable goals for enrollment, retention, and placement. In support of these goals, the College hosted its first ever Connect YTC Enrollment Day event, with nearly 400 prospective students and their families attending. This college-wide effort began the snowball effect that led to our impressive gains in enrollment, when projections were dramatically different, and the ability to say that while most colleges in the SC Technical College System are reporting declines, York Technical College was able to report a four percent increase in enrollment for fall 2013. Further, we were able to report a graduate placement rate for 2011-12 of 88 percent, exceeding our college-wide goal of 83 percent, and the state average of 86 percent.

The College also launched a new major publication to support our enrollment and community awareness efforts called Career Focus, which is a customized magazine that highlights our values, the York Tech experience, our students, and how York Tech's credit and continuing education programs help individuals achieve advancement in their chosen career or field of study. Career Focus also includes a companion website (mobile accessible), and integration into our Facebook and Twitter sites as well.

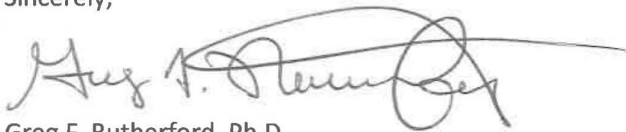

I am extremely proud of our College's history in accreditation. This year, our Automotive Technology program received reaccreditation, through the next five years, from the National Automotive Technicians Education Foundation (NATEF). Our Medical Lab Technology program received reaccreditation through 2019 from the National Accrediting Agency for Clinical Laboratory Sciences (NAACLS). Our Dental Hygiene and Dental Assisting programs also received reaccreditation, as well as our York Technical College Child Development Center, which is the only full service center of its kind in York County to be fully accredited by NAYEC, the National Association for the Education of Young Children.

It is no surprise that we have some of the most hardworking, intelligent, and committed faculty in higher education. This is evidenced by their many accomplishments and recognitions throughout the year. To mention one in particular, Ms. Beth Wyatt, Biology instructor, was recognized as winner of the 2012 President's Award for Instructional Excellence and a finalist for the 2013 Governor's Professor of the Year award. Our faculty and staff alike strive to excel at their duties. I witness, on a regular basis, their hard work and dedication to the College.

This year has brought the beginning of great changes to the face of our campus. We have begun the design of the College's new gateway entry, which will be a part of our new "loop road," and will help to create a more intuitive entrance and effective traffic flow. We will soon break ground on the C-building expansion and accompanying parking lot expansion. All of these projects are a part of the Campus Master Plan Phase I. The Plan also establishes a Learning Commons that will essentially serve as the hub of campus and will house the library, bookstore, learning support, private study areas, group collaboration areas, and a substantial food service operation.

This year we have finally seen the proverbial light at the end of the tunnel. Following recent years' decline in both State funding and enrollment, the College experienced our most challenging times in terms of available resources and the expectations of us. We were faced with significant challenges in the future sustainability of the College; however, I am proud to report that despite those challenges, our faculty and staff have pulled together to accomplish great things over the past year. The College has remained fiscally responsible and, due in part to this, is able to come out of this recession debt free and on solid ground. I am very proud of our people and honored to work with them toward our future.

Sincerely,

A handwritten signature in dark ink, appearing to read "Greg F. Rutherford", with a large, sweeping flourish extending to the right.

Greg F. Rutherford, Ph.D.
President

Organizational Chart

November 8, 2013

To the Members of the Area Commission for York Technical College:

The College is pleased to present to you the Comprehensive Annual Financial Report for York Technical College for the year ended June 30, 2013. The report of our independent public accountants, Cline, Brandt, Kochenower Company, expresses an unqualified opinion on the basic financial statements. Responsibility for both the accuracy of the data presented and the completeness and fairness of the presentation, including all disclosures, is assumed by the Office of the Vice President for Business Services. To the best of our knowledge and belief, the information presented is accurate in all material respects and is reported in a manner designed to present fairly the financial position and results of operations of the College at the end of that fiscal year.

Generally Accepted Accounting Principles (GAAP) require that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement MD&A and should be read in conjunction with it. York Technical College's MD&A can be found immediately following the report of the independent auditors.

ENTITY

York Technical College is one of 16 technical colleges that comprise the South Carolina Technical College System, which is an agency of the State of South Carolina. York Technical College is a comprehensive public, two-year college serving the citizens of York, Chester and Lancaster counties.

The College offers:

- Associate degrees in the following areas:
 - Vocational
 - Technical
 - Occupational
 - University transfer
- Diplomas and certificates in the following areas:
 - Vocational
 - Technical
 - Occupational
- Developmental and remedial education
- Custom-designed continuing education for business and industry
- ReadySC to train potential employees for new and expanding manufacturing companies
- Student development and lifelong learning opportunities.

BASIC HISTORY OF YORK TECHNICAL COLLEGE

In early 1960 former Governor Ernest F. Hollings initiated a state educational system, motivated by the idea that if South Carolina could offer a well-trained work force, the state would attract more business and industry. This training was to be provided by a system of thirteen technical colleges (currently sixteen colleges). In 1961 the South Carolina general Assembly passed Act 323, which provided for the appointment of an advisory committee to study the feasibility of establishing a network of centers for technical training in strategic positions throughout the state. The purpose of these centers was "to prepare individuals for entry into or progressing in employment in industrial and technical pursuits or designed to improve conditions which result in improved citizenship." These centers would be located at points which would be readily accessible to a large majority of the state's population.

York Technical College opened in 1964 as a technical education center with sixty students enrolled in seven programs housed in one building. In 1974 York County Technical Education Center became York Technical College. The college has grown in the past four decades from the initial enrollment of 60 students to nearly 6000 enrolled during the fall of 2011 in more than 80 credit programs. In addition to its academic programs, the College provides continuing education for more than 9000 area residents and numerous businesses each year. The College campus has also grown from one building to a multi-site operation with fifteen buildings on the main campus alone.

The York Technical College Foundation is controlled by a separate board of directors. It is a component unit of York Technical College and its financial data is included by discrete presentation.

ECONOMIC CONDITION AND OUTLOOK

A primary mission of the technical colleges is to support economic development through education and training for the citizens of the State of South Carolina. Public higher education in general and York Technical College in particular are impacted by economic conditions in the state as well as funding priorities established by the South Carolina Legislature. The College's financial condition is also impacted by local economic conditions in the counties it serves and by their funding priorities.

Another item to consider is the Lottery Tuition Assistance Program, which awarded to eligible students during the 2012-2013 academic year is approximately 56% of their total tuition. The Legislature is not required by statute to provide a specific amount for the Lottery Tuition Assistance program, so there is no guarantee that eligible students will receive an award.

South Carolina's economy has improved in the past year, although the pace of economic growth and job creation lags that of the country in general. As a result, the demand for skilled labor has begun to increase, as manufacturers find themselves unable to meet growing demand through productivity improvements alone. For the first time in more than a decade, the College's skilled trades programs experienced across-the-board growth, with some reaching full enrollment. The College's Tech Scholars program continues to expand, adding new employers and enrolling more students. The College's shift to an enrollment paradigm has also borne fruit, as it was one of a handful of colleges in the system to report an enrollment increase for Fall 2013. The College is currently expanding its enrollment management activities to include the coming spring semester; challenging the conventional wisdom that spring enrollment is merely a consequence of fall enrollment. Early data indicate that the percentage of students who return is increasing, as well as the number of new students for spring. The additional revenue generated by this will strengthen the college's financial position, and provide additional resources for investment in improved facilities and new programs.

FINANCIAL INFORMATION

The management team of the College is responsible for establishing and maintaining internal control policies and procedures to safeguard the assets of the College. As part of this responsibility, the management of the Business Services Division of the College ensures that its financial statements are prepared in conformity with generally accepted accounting principles. The internal accounting control structure is designed to provide reasonable but not absolute assurance that these objectives are met. The concept of reasonable assurance recognizes that: 1) the cost of a control should not exceed the benefits likely to be derived; and 2) the evaluation of costs and benefits requires estimates and judgments by management. Accordingly, organizational structure, policies and procedures have been established to safeguard assets, ensure the reliability of accounting data, promote efficient operations, and ensure compliance with established governmental laws, regulations and policies, College policies, and other requirements of sponsors to whom the College is accountable. Annual audits are conducted under the authority of the South Carolina State Auditor with testing to ensure the adequacy of internal controls and the College's compliance with applicable laws and regulations.

As a recipient of federal financial awards, the College is responsible for ensuring compliance with all applicable laws and regulations relating to such assistance. A combination of State and College policies and procedures, integrated with College's system of internal controls, provides for this compliance.

The College undergoes an annual examination of its federal financial assistance programs in accordance with U.S. Office of Management and Budget Circular A-133.

BUDGETARY

The College has proactively managed its budget which is based on reasonable projections of future funding. The College uses various methods of budgetary control which help ensure compliance with the annual budget adopted by the Area Commission. Line-item budgeting, the method that budgets by organizational unit and object, is used by the College. This method is consistent with the lines of authority and responsibility in each organizational unit and allows accumulation of expenditure data at each functional level. The approach also enhances organizational control and provides a benchmark for use in trend or historical analysis. The College's budget is implicitly linked to financial accountability and relates to financial reporting objectives established by the GASB. The College also uses an encumbrance accounting system as an additional measure in accomplishing budgetary control. Open encumbrances are reported as Allocations of Fund Balance at year end. As demonstrated by the financial statements and schedules included in the financial section of this report, management of the College continues to meet its responsibility for sound financial management and its student-centered mission.

FINANCIAL POLICIES AND LONG-TERM FINANCIAL PLANNING

The College's long-range financial models, developed originally as a response to falling enrollment and state support, have been expanded to include data generated by its enrollment management activities. Capital and operating budgets are now planned with an eye towards support of long-range enrollment goals. The College believes that this process will help the college be more sustainable in the future.

DEBT ADMINISTRATION

At June 30, 2013, the College had no outstanding debt.

INDEPENDENT AUDIT

The financial statements have been audited by Cline, Brandt, Kochenower Inc., independent certified public accountants. The Independent Auditors' Report is included in the financial section of this report and reflects an unqualified opinion on the basic financial statements. The College complies with the requirements of the Single Audit Act for which separate reports are issued.

CERTIFICATE OF ACHIEVEMENT

The Government Finance Officers' Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to York Technical College for its comprehensive annual financial report for the fiscal year ended June 30, 2012. This was the sixteenth consecutive year that York Technical College achieved this prestigious award.

In order to be awarded a Certificate of Achievement, a government unit must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year. We believe our current comprehensive annual financial report continues to meet the Certificate of Achievement Program requirements and will be submitted to GFOA to determine its eligibility for another certificate.

ACKNOWLEDGEMENTS

It is incumbent upon us to thank the York Technical College Commission and the President of the College for their interest and support in conducting the fiscal affairs of the College in a highly responsible and professional manner. The preparation of this report on a timely basis could not have been accomplished without the efficient and dedicated services of the Business Services Division staff and other departments and individuals who assisted in the preparation of this report. Our appreciation is also expressed to our independent auditors, Cline, Brandt, Kochenower and Company for the timely completion of the audit.

Very Truly Yours,

A handwritten signature in black ink, appearing to read "Marc C. Tarplee", with a long horizontal flourish extending to the right.

Dr. Marc C. Tarplee

**The Government Finance Officers Association
of the United States and Canada**

presents this

AWARD OF FINANCIAL REPORTING ACHIEVEMENT

to

Marc Tarplee, Ph.D.

Vice President for Business Services
York Technical College, South Carolina

The award of Financial Reporting Achievement is presented by the Government Finance Officers Association to the individual(s) designated as instrumental in their government unit achieving a Certificate of Achievement for Excellence in Financial Reporting. A Certificate of Achievement is presented to those government units whose annual financial reports are judged to adhere to program standards and represents the highest award in government financial reporting.

Independent Auditors' Report

York Technical College
Rock Hill, South Carolina

Report on the Financial Statements

We have audited the accompanying financial statements of the business-type activities of York Technical College, a discretely presented component unit of the State of South Carolina, as of and for the years ended June 30, 2013 and June 30, 2012, and the related notes to the financial statements, which collectively comprise the College's basic financial statements as listed in the table of contents. We did not audit the financial statements of York Technical College Foundation, Inc. (a discretely presented component unit). The York Tech College Foundation, Inc. reflects 100% of total assets, 100% of net position, and 100% of total revenues of the discretely presented component unit.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We did not audit the financial statements of York Technical College Foundation, Inc., which represent 100% of total assets, 100% of net position, and 100% of total revenue of the discretely presented component unit. Those statements were audited by other auditors whose report has been furnished to us, and our opinion, insofar as it relates to the amounts included for the York Technical College Foundation, Inc., is based solely on the report of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. The financial statements of York Technical College Foundation, Inc. were not audited in accordance with *Government Auditing Standards*. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatements.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the College's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, based on our audit and the report of the other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities of York Technical College as of June 30, 2013 and June 30, 2012, and the respective changes in financial position, and cash flows thereof for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note 1 to the financial statements, GASB Statement No. 61 as implemented by the State of South Carolina during fiscal year 2013, changed the manner in which the College is reported in the State of South Carolina's Comprehensive Annual Financial Report to a discretely presented component unit. Our opinion is not modified with respect to this matter.

As described in Note 1 to the financial statements, in 2013, the College adopted accounting guidance, GASB Statement No. 63, *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position*. Our opinion is not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis as listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the York Technical College's basic financial statements. The introductory section and the statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

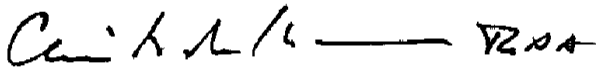

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated September 19, 2013, on our consideration of York Technical College's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grants agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the College's internal control over financial reporting and compliance.

Report on State Lottery Assistance Program

We have also issued our report dated September 19, 2013 on our consideration of York Technical College administration of the State Lottery Assistance Program and on our test of its compliance with certain provisions of State law and policy 3-2-307 and Procedure 3-2-307.1 of the State Board for Technical and Comprehensive Education.

Gaffney, SC
September 19, 2013

MANAGEMENT'S DISCUSSION AND ANALYSIS
YORK TECHNICAL COLLEGE
JUNE 30, 2013

This section of York Technical College's Annual Financial Report presents management's discussion and analysis of the College's financial performance during the fiscal year ended June 30, 2013. This discussion should be read in conjunction with financial statements and the notes thereto, which follow this section.

Financial Highlights

- The assets and deferred outflows of resources (deferred outflows) of York Technical College exceeded liabilities and deferred inflows of resources (deferred inflows) by \$49,997,826 as of June 30, 2013 (net position). Of this amount, \$25,892,993 (unrestricted net assets) may be used to meet the College's ongoing obligations from unrestricted activities.
- The College's net position increased by \$906,938 or 1.8%, primarily in the category of current assets.
- The College experienced an operating loss of \$21,110,579 as reported in the Statement of Revenues, Expenses, and Changes in Net Position. However, state appropriations of \$5,849,634, local appropriations of \$4,235,323, interest income of \$207,396, federal grants and contracts of \$10,978,488, other non-operating revenues of \$49,585, as well as state and local capital appropriations of \$ \$697,091 offset this operating loss.

Overview of the Financial Statements

The College is engaged only in Business-Type Activities (BTA) financed in part by fees charged to students for educational services. Accordingly, its activities are reported using the three financial statements required for proprietary funds: Statement of Net Position; Statement of Revenues, Expenses, and Changes in Net Position; and Statement of Cash Flows.

The Statement of Net Position presents the financial position of the College at the end of the fiscal year. Net position is the difference between the sum of assets and deferred outflows of resources, and the sum of liabilities and deferred inflows of resources. There are three components of net position: net investment in capital assets, unrestricted assets, and restricted assets. Net position is one indicator of the current financial condition of the College, while the change in net position is an indicator that the overall financial condition has improved or worsened during the year.

The Statement of Revenues, Expenses, and Changes in Net Position replaces the fund perspective with the entity-wide perspective. Revenues and expenses are categorized as operating or non-operating. In addition, expenses are reported by object code.

The Statement of Cash Flows will aid readers in identifying the sources and uses of cash by the major categories of operating, capital and related financing, noncapital financing, and investing activities. This statement also emphasizes the College's dependence on state and county appropriations by separating them from operating cash flows.

Accordingly, the financial statements include the accounts of York Technical College as the primary government and the accounts of York Technical College Foundation (the "Foundation"), its component unit. The College is part of the primary government of the State of South Carolina. However, based on the nature and significance of the Foundation's relationship with the State of South Carolina, the Foundation is not a component unit of the State of South Carolina.

MANAGEMENT'S DISCUSSION AND ANALYSIS – Continued
YORK TECHNICAL COLLEGE

Financial Analysis

Statement of Net Position:

Net position may serve over time as a useful indicator of an entity's financial position. In the case of the College, assets and deferred outflows exceeded liabilities and deferred inflows by \$ 49,997,826 at fiscal year ended June 30, 2013, \$49,090,888 at June 30, 2012, and \$47,414,951 at June 30, 2011.

Approximately one-half of the College's net assets \$ 24,104,833 (48.2%) is reflected in its investments in capital assets (e.g., land, buildings, machinery, and equipment), less any related outstanding debt used to acquire those assets. The College uses these capital assets to provide services to students; consequently, these assets are not available for future spending. Although the College's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities. It should be noted that there is no debt associated with these assets. See Note 4 in the financial statements for further disclosure of capital assets.

Unrestricted net assets of \$ 25,892,993 (51.8%) may be used to meet the College's ongoing obligations.

The following schedule is prepared from the College's Statement of Net Position, which is presented on an accrual basis of accounting whereby assets are capitalized and depreciated. Note that assets and deferred outflows substantially exceed liabilities and deferred inflows, denoting a sound financial condition for the College.

Net Position
as of June 30, 2013, June 30, 2012, and June 30, 2011
(in millions)

	2013		Increase/ 2012 Decrease		Increase/ 2011 Decrease
ASSETS					
Current Assets	\$ 31.9	\$ 29.9	\$ 2.0	\$ 27.7	\$ 2.2
Non-current Assets	\$ -	\$ -	\$ -	\$ -	\$ -
Net investment in Capital Assets	\$ 24.1	\$ 24.9	\$ (0.8)	\$ 25.6	\$ (0.7)
TOTAL ASSETS	\$ 56.0	\$ 54.8	\$ 1.2	\$ 53.3	\$ 1.5
DEFERRED OUTFLOWS OF RESOURCES	\$ -	\$ -	\$ -	\$ -	\$ -
TOTAL	\$ 56.0	\$ 54.8	\$ 1.2	\$ 53.3	\$ 1.5
LIABILITIES					
Current Liabilities	\$ 4.7	\$ 4.4	\$ 0.3	\$ 4.4	\$ -
Non-current Liabilities	\$ 1.3	\$ 1.3	\$ -	\$ 1.4	\$ (0.1)
TOTAL LIABILITIES	\$ 6.0	\$ 5.7	\$ 0.3	\$ 5.8	\$ (0.1)
DEFERRED INFLOWS OF RESOURCES	\$ -	\$ -	\$ -	\$ -	\$ -
TOTAL	\$ 6.0	\$ 5.7	\$ 0.3	\$ 5.8	\$ (0.1)
NET POSITION					
Net Investment in Capital Assets	\$ 24.1	\$ 24.7	\$ (0.6)	\$ 25.2	\$ (0.5)
Unrestricted Assets	\$ 25.9	\$ 24.4	\$ 1.5	\$ 22.2	\$ 2.2
Restricted Assets	\$ -	\$ -	\$ -	\$ -	\$ -
TOTAL NET POSITION	\$ 50.0	\$ 49.1	\$ 0.9	\$ 47.4	\$ 1.7

Statement of Cash Flows:

The Statement of Cash Flows is concerned solely with the flows of cash in and out of the College. Consequently, only transactions that affect the College's cash account are reported in this statement.

**Summary of Cash Flows
As of June 30, 2013, June 30, 2012, and June 30, 2011
(in millions)**

	2013		2012	Increase/ Decrease	2011	Increase/ Decrease
Net cash used by operating activities	\$ (18.8)	\$	(19.5)	\$ 0.7	\$ (21.8)	\$ 2.3
Net cash flows from non-capital financing activities	\$ 21.3	\$	23.8	\$ (2.5)	\$ 26.1	\$ (2.3)
Net cash flows used by capital and related financing activities	\$ (0.3)	\$	-	\$ (0.3)	\$ (0.7)	\$ 0.7
Net cash flows from investing activities	\$ 0.2	\$	0.2	\$ -	\$ 0.1	\$ 0.1
Net increase/decrease in cash	\$ 2.4	\$	4.5	\$ (2.1)	\$ 3.7	\$ 0.8

Cash increased by \$2,588,273 during FYE 2013, partly as a result of a return from operations of \$0.9M and a decrease in receivables of \$0.6M.

The College believes that a strong cash position is essential to its long-term viability. As state funding for operations and capital projects continually decreases, the College must generate its own financial resources to fund maintenance, future construction, updating of academic equipment, and the launch of new programs.

Statement of Revenues, Expenses, and Changes in Net Position:

The Statement of Revenues, Expenses and Changes in Net Position presents and categorizes revenues earned and expenses incurred during the year by operating and non-operating. Generally, operating revenues and expenses are those received and used to carry out the mission of the College, although certain revenues such as state and local financial support are classified as non-operating revenues. As a result, the College will show an operating deficit, but inclusion of non-operating revenue results in an overall increase in net assets for the year. State and local capital appropriations and capital grants and gifts are considered neither operating nor non-operating revenues and are reported below in the schedule.

Statement of Revenue, Expense and Changes in Net Position
As of June 30, 2013, June 30, 2012, and June 30, 2011
(in millions)

	2013		Increase/ 2012 Decrease		Increase/ 2011 Decrease

Revenues

Total revenues for FYE 2013 were \$39,326,291 to which the largest contributors were other non-operating revenues, net tuition, and grants/contracts. More than 95% of the other non-operating revenues are PELL Grants, which is Federal needs-based financial aid awarded to students. When considered in concert with tuition (23% of revenues), over one-half (52%) of the College's total revenue is student-driven. In contrast, state and local appropriations make up approximately one-quarter of total revenues, with much of the balance coming from grants and contracts. This trend towards a student-driven business model is expected to continue as state appropriations continue to decrease.

Expenses

Total expenses for FYE 2013 were \$38,419,353, a decrease of approximately 3% from FYE 2012. The largest expense component was salaries, totaling \$18,846,144, which decreased by 6% relative to FYE 2012. Of this amount, approximately 68% is identified as instructional and academic support. Supplies and other services is the second largest component of expenses. Note 12 in the accompanying Notes to the Financial Statements identifies operating expenses by functional classification.

With the exception of salaries, scholarships and depreciation, expenses increased with respect to FYE 2012 results. benefits rose 1% due to an increase in health insurance premiums. Utilities increased slightly, driven by climate and increases in telecommunications expenses. Supply expenses increased by nearly one-sixth of prior-year levels, but are still below FYE 2011 levels. This increase was expected; the college allocated more than \$700,000 for academic equipment and information technology expenditures and expanded the scope of its marketing/advertising activities.

Capital Assets and Debt Administration

The College's net investment in capital assets at June 30, 2013 was \$24,104,833, a net decrease of \$790,597 from the prior fiscal year. The decrease was the result of a partial offset of depreciation by capital asset purchases.

The College increased its net position by \$906,938 while retiring the remaining balance of its current and long-term debt. More detailed information on long-term debt activity and capital asset activity can be found in Notes 4, 9, and 15 following the basic financial statements.

Economic Factors

Enrollment declined during this fiscal year, but is expected to go up by at least 3% in FYE 2014, and preliminary enrollment data indicate that the increase will be nearly double the forecast. This increase will come from a movement to an enrollment management model for admissions and more intensive marketing. State appropriations for salary and fringes have remained essentially constant at approximately \$5.5M and are not expected to change materially in FY 2014. To ensure that the College can sustain itself in this new economic environment, new revenue sources (course fees) were added, some functions were reorganized in order to be more effective, and marketing activities were reengineered to attract more students.

The College believes that its initial success with enrollment management can be sustained, and moderate growth (3-5%) is projected for FYE2014 and FYE2015. Reductions in state appropriations are a possibility in FYE 2014, and there is some weak downward pressure on tuition revenues coming from the State Legislature, so the College must manage its growth sustainably. Additionally, the College must look at its instructional activities, changing them in a way that provides higher value-added outcomes at lower unit cost to the institution.

The SC Legislature has largely abrogated its responsibility to support higher education, making the College primarily accountable for its financial sustainability. We believe the College's mission of *Building the Community through Maximizing Student Success* is the way to long-term sustainability.

SEE NOTES TO FINANCIAL STATEMENTS

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Operations: York Technical College, a member institution of the South Carolina Technical College System, provides a range of educational programs to meet the needs of the adult population of York, Chester, and Lancaster counties. Included in this range of programs are technical and occupational associate degree, diploma and certificate curricula that are consistent with the needs of employers in the College's service area. As an integral part of this mission, the College provides a program of continuing education designed to satisfy the occupational demands of employers through retraining and upgrading the skills of individual employees. The College also provides a variety of developmental education programs, support services and offerings to assist students in meeting their personal and professional educational objectives.

Reporting Entity: The financial reporting entity, as defined by Government Accounting Standards Board (GASB), consists of the primary government, organizations for which the primary government is financially accountable and other organizations for which the nature and significance of their relationship with the primary government are such that exclusion could cause the financial statements to be misleading or incomplete.

Accordingly, the financial statements include the accounts of York Technical College as the primary government and the accounts of York Technical College Foundation, its component unit. The College is part of the primary government of the State of South Carolina, and will be reported as a discretely presented component unit in its 2013 Comprehensive Annual Financial Report. However, based on the nature and significance of the Foundation's relationship with the State of South Carolina, the Foundation is not a component unit of the State of South Carolina.

The Foundation is a legally separate, tax-exempt non-governmental component unit of the College. The Foundation acts primarily as a fund-raising organization to supplement the resources that are available to the College in support of its programs. The twenty-eight member board of the Foundation is self-perpetuating and consists of community leaders and friends of the College. Although the College does not control the timing or amount of receipts from the Foundation, the majority of resources or incomes thereon that the Foundation holds and invests are restricted to the activities of the College by the donors. Because these restricted resources held by the Foundation can only be used by, or for the benefit of, the College, the Foundation is considered a component unit of the College. The Foundation is reported in separate financial statements because of the difference in its reporting model, as further described below.

The Foundation is a private not-for-profit organization that reports its financial results under Financial Accounting Standards Board (FASB) Statements. Most significant to the Foundation's operations and reporting model are FASB Statement No. 116, *Accounting for Contributions Received and Contributions Made*, and FASB Statement No. 117, *Financial Reporting for Not-for-Profit Organizations*. As such, certain revenue recognition criteria and presentation features are different from GASB revenue recognition criteria and presentation features. No modifications have been made to the Foundation's financial information in the College's financial reporting entity for these differences. However, significant note disclosures to the Foundation's financial statements have been incorporated into the College's notes to the financial statements. (See the Component Unit Section within this Summary of Significant Accounting Policies.)

Financial statements for the Foundation can be obtained by mailing a request to York Technical College Foundation, 452 South Anderson Road, Rock Hill, South Carolina 29730.

The College is part of the State of South Carolina's primary government and has been included in the State's comprehensive annual financial report as such. However, the College is not legally separate; therefore, it is not considered a Component Unit of the State of South Carolina.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

The financial reporting entity, as defined by the Governmental Accounting Standards Board (GASB) consists of the primary government, organizations for which the primary government is financially accountable and other organizations for which the nature and significance of their relationship with the primary government are such that exclusion could cause the financial statements to be misleading or incomplete. Accordingly, the financial statements include the accounts of York Technical College as the primary government. York Technical College has determined that it is not a component of another entity.

Financial Statements: The financial statement presentation for the College meets the requirements of Governmental Accounting Standards Board (GASB) Statement No. 34, Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments, and GASB Statement No. 35, Basic Financial Statements and Management's Discussion and Analysis for Public Colleges and Universities.

For 2013, the College implemented Governmental Accounting Standard Board (GASB) Statement No. 63, "Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position." GASB Statement No. 63 identifies net position, rather than net assets, as the residual of all other elements presented in a statement of financial position.

Basis of Accounting: For financial reporting purposes, the College is considered a special-purpose government engaged only in business-type activities. Accordingly, the College's financial statements have been presented using the economic resources measurement focus and the accrual basis of accounting. Under the accrual basis, revenues are recognized when earned, and expenses are recorded when an obligation has been incurred. Student tuition and auxiliary enterprise fees are presented as net of scholarships and fellowships applied to student accounts, while stipends and other payments made directly are presented as scholarship expenses. All significant intra-institutional transactions have been eliminated.

The College has elected not to apply Financial Accounting Standards Board (FASB) pronouncements issued after November 30, 1989.

Cash and Cash Equivalents: For purposes of the statement of cash flows, the College considers all highly liquid investments with an original maturity of three months or less to be cash equivalents. Funds invested through the State of South Carolina State Treasurer's Office are considered cash equivalents.

Investments: Deposits and investments for the College are governed by the South Carolina Code of Laws, Section 11-9-660, "Investments of Funds." GASB Statement No. 40, Deposits and Investment Risk Disclosures – an amendment to GASB Statement No. 3 requires disclosures related to deposit risks (e.g. custodial credit risk), investment risks (e.g. credit risk, which includes custodial credit risk and concentrations of credit risks) and interest rate risk.

The College accounts for its investments at fair value in accordance with GASB Statement No. 31, Accounting and Financial Reporting for Certain Investments and for External Investment Pools. Changes in unrealized gain (loss) on the carrying value of investments are reported as a component of investment income in the statement of revenues, expenses and changes in net position.

Accounts Receivable: Accounts receivable consists of tuition and fee charges to students, and auxiliary enterprise services provided to students, faculty and staff. Accounts receivable also include amounts due from the Federal government, state and local governments, or private sources in connection with reimbursement of allowable expenditures made pursuant to the College's grants and contracts. Accounts receivables are recorded net of estimated uncollectible amounts. Detail for accounts receivable are discussed in Note 3. Allowances for losses for student accounts receivables is established based upon actual losses experienced in prior years and evaluations of the current account portfolio. At June 30, 2013 the allowance for uncollectible student accounts was \$1,173,356.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

Inventories: Inventories for internal use are valued at cost. Inventories for resale are carried at the lower of cost or market on the first-in, first-out ("FIFO") basis.

Capital Assets: Capital assets are recorded at cost at the date of acquisition or fair market value at the date of donation in the case of gifts. The College follows capitalization guidelines established by the State of South Carolina. All land is capitalized, regardless of cost. Qualifying improvements that rest in or on the land itself are recorded as depreciable land improvements. Major additions, renovations and other improvements that add to the usable space, prepare existing buildings for new uses, or extend the useful life of an existing building are capitalized. The College capitalizes movable personal property with a unit value in excess of \$5,000 and a useful life in excess of two years and depreciable land improvements, buildings and improvements, and intangible assets costing in excess of \$100,000. Routine repairs and maintenance and library materials, except individual items costing in excess of \$5,000, are charged to operating expenses in the year in which the expense was incurred.

Depreciation is computed using the straight-line method over the estimated useful lives of the assets, generally 15 to 50 years for buildings and improvements and land improvements, and 2 to 25 years for machinery, equipment, and vehicles. A full year of depreciation is taken the year the asset is placed in service and no depreciation is taken in the year of disposition.

Unearned Revenues and Deposits: Unearned revenues include amounts received for tuition and fees and certain auxiliary activities prior to the end of the fiscal year but related to the subsequent accounting period. Unearned revenues also include amounts received from grant and contract sponsors that have not yet been earned.

Compensated Absences: Employee vacation pay expense is accrued at year-end for financial statement purposes. The liability and expense incurred are recorded at year-end as a component of long-term liabilities as well as short-term liabilities in the statement of net position and as a component of benefit expenses in the statement of revenues, expenses, and changes in net position.

Net Position: The College's net position are classified as follows:

Invested capital assets, net related debt: This represents the College's total investment in capital assets, net of outstanding debt obligations related to those capital assets. To the extent debt has been incurred but not yet expended for capital assets, such amounts are not included as a component of invested in capital assets, net of related debt.

Restricted net position - expendable: Restricted expendable net position include resources in which the College is legally or contractually obligated to spend resources in accordance with restrictions imposed by external third parties.

Restricted net position - nonexpendable: Nonexpendable restricted net position consists of endowment and similar type funds in which donors or other outside sources have stipulated as a condition of the gift instrument, that the principal is to be maintained inviolate and in perpetuity and invested for the purpose of producing present and future income, which may either be expended or added to principal.

Unrestricted net position: Unrestricted net position represent resources derived from student tuition and fees, appropriations, and sales and services of educational departments and auxiliary enterprises. These resources are used for transactions relating to the educational and general operations of the College, and may be used at the discretion of the governing board to meet current expenses for any purpose. These resources also include auxiliary enterprises, which are substantially self-supporting activities that provide services for students, faculty and staff.

The College policy for applying expenses that can be used as both restricted and unrestricted resources is delegated to the departmental administrative level. General practice is to first apply the expense to restricted resources and then to unrestricted resources.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

Income Taxes: The College is exempt from income taxes under the Internal Revenue Code.

Classification of Revenues: The College has classified its revenues as either operating or non-operating revenues according to the following criteria:

Operating revenues: Operating revenues generally result from exchange transactions to provide goods or services related to the College's principal ongoing operations. These revenues include (1) student tuition and fees received in exchange for providing educational services and other related services to students; (2) receipts for scholarships where the provider has identified the student recipients; (3) fees received from organizations and individuals in exchange for miscellaneous goods and services provided by the College; and (4) grants and contracts that are essentially the same as contracts for services that finance programs the College would not otherwise undertake.

Non-operating revenues: Non-operating revenues include activities that have the characteristics of non-exchange transactions. These revenues include gifts and contributions, appropriations, investment income, and any grants and contracts that are not classified as operating revenue or restricted by the grantor to be used exclusively for capital purposes. Beginning fiscal year 2010, the SC Comptroller General's Office mandated that PELL grants be reclassified from operating revenue to non-operating revenue.

State Fiscal Stabilization Funds are reported as Federal non-operating revenues in the financial statements, with a portion reported as capital grants if appropriate.

Sales and Services of Educational and Other Activities: Revenues from sales and services of educational and other activities generally consist of amounts received from instructional, laboratory, research, and public service activities that incidentally create goods and services which may be sold to students, faculty, staff, and the general public. The College receives such revenues primarily from the Child Development Center.

Auxiliary Enterprises and Internal Service Activities: Auxiliary enterprise revenues primarily represent revenues generated by the bookstore. Revenues of internal service and the related expenditures of College departments have been eliminated. Effective March 1, 2004, Barnes and Noble assumed the operations of the Bookstore.

Component Units: See Note 17.

NOTE 2 - DEPOSITS AND INVESTMENTS

DEPOSITS:

State Law requires that a bank or savings and loan association receiving State funds must secure the deposits by deposit insurance, surety bonds, collateral securities, or letters of credit to protect the State against any loss.

NOTE 2 - DEPOSITS AND INVESTMENTS, Continued

Custodial Credit Risk:

Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, the College will not be able to recover deposits or will not be able to recover collateral securities that are in the possession of an outside party if the counterparty to the deposit transaction fails.

The College's policy concerning custodial credit risk is to invest surplus funds of the College in a manner that maximizes return to the College while safeguarding against any potential of loss. The College President is authorized to invest surplus funds or may delegate this responsibility to the Vice President of Business Services. Investments shall be selected from financial institutions on a competitive basis through an informal bidding process (and all in compliance with State laws and regulations). All investments shall be protected by FDIC, FSLIC, and/or have sufficient pledged securities as collateral.

The deposits for York Technical College were \$29,780,550 at June 30, 2013 and \$27,279,399 at June 30, 2012, none were exposed to custodial credit risk as uninsured and uncollateralized. In addition, all these deposits were collateralized with securities held by the pledging institution in the College's name. The SC State Treasurer's Office monitors the collateral sufficiency and requires that collateral equal a minimum of 102%.

Foreign Currency Risk:

Foreign currency risk is the risk that changes in exchange rates will adversely affect the fair value of an investment. York Technical College does not maintain deposits that are denominated in a currency other than the United States dollar; therefore, the College is not exposed to this risk.

INVESTMENTS:

The College is authorized, by the South Carolina Code of Laws, Section 11-9-660, to invest in obligations of the United States and its agencies, obligations of the State of South Carolina and its political subdivisions, collateralized or federally insured certificates of deposit, and collateralized repurchase agreements.

The College had no investments at June 30, 2013 or June 30, 2012

Custodial Credit Risk:

Custodial credit risk for investments is the risk that, in the event of a failure of the counterparty to a transaction, the College will not be able to recover the value of investments or collateral securities that are in the possession of an outside party.

The College's policy concerning custodial credit risk is to invest surplus funds of the College in a manner that maximizes return to the College while safeguarding against any potential of loss. The College President is authorized to invest surplus funds or may delegate this responsibility to the Vice President for Business Services. Investments shall be selected from financial institutions on a competitive basis through an informal bidding process (and all in compliance with State laws and regulations). All investments shall be protected by FDIC, FSLIC, and/or have sufficient pledged securities as collateral.

Credit Risk:

Credit risk is the risk that an insurer or other counterparty to an investment will not fulfill its obligations.

The College's policy concerning credit risk is to invest surplus funds of the College in a manner that maximizes return to the College while safeguarding against any potential of loss. The College President is authorized to invest surplus funds or may delegate this responsibility to the Executive Vice President. Investments shall be selected from financial institutions on a competitive basis through an informal bidding process (and all in compliance with State laws and regulations). All investments shall be protected by FDIC, FSLIC, and/or have sufficient pledged securities as collateral.

NOTE 2 - DEPOSITS AND INVESTMENTS, Continued

INVESTMENTS: Continued

Concentration of Credit Risk:

Concentration of credit risk is the risk of loss attributed to the magnitude of a government's investment in a single issuer. The College does not have a policy on concentration of credit risk.

Interest Rate Risk:

Interest rate risk is the risk that changes in interest rates of debt investments will adversely affect the fair value of an investment. It occurs because potential purchasers of debt securities will not agree to pay face value for those securities if interest rates subsequently increase, thereby affording potential purchasers more favorable rates on essentially equivalent securities.

The College does not have a policy concerning interest rate risk.

Foreign Currency Risk:

Foreign currency risk is the risk that changes in exchange rates will adversely affect the fair value of an investment. York Technical College does not maintain investments that are denominated in a currency other than the United States dollar, and therefore, the College is not exposed to this risk.

The following schedule reconciles cash and investments as reported on the Statement of Net Position to footnote disclosure provided for deposits and investments.

	2013	2012
STATEMENT OF NET ASSETS:		
Cash and Cash Equivalents	\$ 29,131,700	26,543,427

NOTE 3 - ACCOUNTS RECEIVABLE

Accounts receivable as of June 30, 2013 and June 30, 2012, are summarized as follows:

	2013	2012
Student Accounts	\$ 2,289,027	2,403,485
Less: Allowance for Doubtful Accounts	(1,171,356)	(1,000,000)
Federal Grants and Contracts	104,132	185,414
State Grants and Contracts	1,150,917	1,461,278
Other	366,384	301,011
	<u> </u>	<u> </u>
Net Accounts Receivable	<u>\$ 2,739,104</u>	<u>3,351,188</u>

Allowances for losses for student accounts receivable are established based upon actual losses experienced in prior years and evaluations of the current account portfolio. At June 30, 2013 the allowance for uncollectible student accounts is valued at \$1,171,356 and at June 30, 2012 the allowance for uncollectible student accounts is valued at \$1,000,000.

NOTE 4 - CAPITAL ASSETS

The activities in the College's capital assets for the fiscal year ended June 30, 2013 are as follows:

	Beginning Balance June 30, 2012	Increases	Decreases	Transfers	Ending Balance June 30, 2013
Capital Assets Not Being Depreciated:					
Land and Improvements	\$ 1,029,567	-	-	-	1,029,567

Total Accumulated Depreciation	(21,303,364)	(1,543,556)	434,234	-	(22,412,686)
Capital Assets, Net	\$ 25,565,852	(669,311)	1,111	-	24,895,430

There were losses on the disposal of fixed assets in the fiscal year ended June 30, 2012 in the amount of \$1,111.

NOTE 5 - PENSION PLAN(S)

The majority of employees of the College are covered by a retirement plan through the South Carolina Retirement System (SCRS), a cost-sharing multiple-employer defined benefit pension plan administered by the Retirement Division of the South Carolina Public Employee Benefit Authority (PEBA), a public employee retirement system. Generally, all full-time or part-time equivalent State employees in a permanent position are required to participate in and contribute to the SCRS as a condition of employment unless exempted by law as provided in Section 9-1-480 of the South Carolina Code of Laws, as amended, or are eligible and elect to participate in the State Optional Retirement Program (ORP). The SCRS plan provides a life-time monthly retirement annuity benefits to members as well as disability, survivor options, annual benefit adjustments, death benefits, and incidental benefits to eligible employees and retired members.

The Retirement Division maintains five independent defined benefit plans and issues its own publicly available Comprehensive Annual Financial Report (CAFR) which includes financial statements and required supplementary information. A copy of the separately issued CAFR may be obtained by writing to the South Carolina Public Employee Benefit Authority, P.O. Box 11960, Columbia, South Carolina 29211-1960. Furthermore, the Division and the five pension plans are included in the State of South Carolina's CAFR.

Under the SCRS, Class II members are eligible for a full service retirement annuity upon reaching age 65 or completion of 28 years of credited service regardless of age. Employees who first became members of the System after June 30, 2012 are considered Class III members and are eligible for a full service retirement annuity upon reaching age 65 or upon meeting the rule of 90 requirement (i.e., the members age plus the years of service add up to a total of at least 90).

YORK TECHNICAL COLLEGE
Notes to the Financial Statements, Continued
June 30, 2013

NOTE 5 - PENSION PLAN(S), Continued

The benefit formula for full benefits effective since July 1, 1989 for the SCRS is 1.82 percent of an employee's average final compensation (AFC) multiplied by the number of years of credited service. For Class II members, AFC is the average annual earnable compensation during 12 consecutive quarters and includes an amount for up to 45 days termination pay at retirement for unused annual leave. For Class III members, AFC is the average annual earnable compensation during 20 consecutive quarters and termination pay for unused annual leave at retirement is not included. Early retirement options with reduced benefits are available as early as age 55 for Class II members and age 60 for Class III members. Class II members are vested for a deferred annuity after five years of earned service. Class III members are vested for a deferred annuity after eight years of earned service. Members qualify for a survivor's benefit upon completion of 15 years of credited service (five years effective January 1, 2002).

Disability annuity benefits are payable to Class II members if they have permanent incapacity to perform regular duties of the member's job and they have at least 5 years of earned service (this requirement does not apply if the disability is a result of a job related injury). Class III members qualify for disability annuity benefits provided they have a minimum of eight years of credited service. An incidental death benefit equal to an employee's annual rate of compensation is payable upon the death of an active employee with a minimum of one year of credited service or to a working retired contributing member. There is no service requirement for death resulting from actual performance of duties for an active member. For eligible retired members, a lump-sum payment is made to the retiree's beneficiary of up to \$6,000 based on years of service at retirement. TERI participants and retired contributing members are eligible for the increased death benefit equal to their annual salary in lieu of the standard retired member benefit.

Effective January 1, 2001, Section 9-1-2210 of the South Carolina Code of Laws allows employees eligible for service retirement to participate in the Teacher and Employee Retention Incentive (TERI) Program. TERI participants may retire and begin accumulating retirement benefits on a deferred basis without terminating employment for up to five years.

Upon termination of employment or at the end of the TERI period, whichever is earlier, participants will begin receiving monthly service retirement benefits which will include any cost of living adjustments granted during the TERI period. Because participants are considered retired during the TERI period, they do not earn service credit, and are ineligible to receive group life insurance benefits or disability retirement benefits. The TERI program will end effective June 30, 2018.

Effective July 1, 2012, employees participating in the SCRS were required to contribute 7.00% of all earnable compensation. The employer contribution rate for SCRS was 15.15%. Included in the total SCRS employer contribution rate is a base retirement contribution of 10.45%, .15% for the incidental death program and a 4.55% surcharge that will fund retiree health and dental insurance coverage. Employer contributions for State ORP include a 5.45% employer retirement contribution, 4.55% retiree insurance surcharge and .15% incidental death program. The College's actual retirement and incidental death program contributions to the SCRS for the years ended June 30, 2013, 2012, and 2011 were:

Fiscal Year Ended	Retirement		Incidental Death	
	Rate	Contribution	Rate	Contribution
2013	10.450%	\$ 1,461,249	0.15%	\$ 20,974
2012	9.385%	1,379,042	0.15%	22,041
2011	9.240%	1,379,625	0.15%	22,396

The South Carolina Police Officers Retirement System (PORS) is a cost-sharing multiple employer defined benefit public employee retirement system. Generally, all full-time employees whose principal duties are the preservation of public order or the protection or prevention and control of property destruction by fire are required to participate in and contribute to PORS as a condition of employment.

YORK TECHNICAL COLLEGE
Notes to the Financial Statements, Continued
June 30, 2013

NOTE 5 - PENSION PLAN(S), Continued

This plan provides lifetime monthly annuity benefits as well as disability, survivor benefits and incidental benefits to eligible employees and retirees. In addition, participating employers in the PORS contribute to the accidental death fund which provides annuity benefits to beneficiaries of police officers and firemen killed in the actual performance of their duties. These benefits are independent of any other retirement benefits available to the beneficiary.

Under the PORS, Class II members are eligible for a full service retirement annuity upon reaching age 55 or completion of 25 years of credited service regardless of age. Class III members are eligible for a full service retirement annuity upon reaching age 55 or 27 years of credited service. The benefit formula for full benefits effective since July 1, 1989 for the SCRS is 2.14 percent of an employee's average final compensation (AFC) multiplied by the number of years of credited service. For Class II members, AFC is the average annual compensation during 12 consecutive quarters and includes an amount for up to 45 days termination pay for unused annual leave. For Class III members, AFC is the average annual earnable compensation during 20 consecutive quarters and termination pay for unused annual leave at retirement is not included. PORS does not have an early retirement option. Class II members are vested for a deferred annuity after five years of earned service. Class III members are vested for a deferred annuity after eight years of earned service. Members qualify for a survivor's benefit upon completion of 15 years of credited service (five years effective January 1, 2002).

Effective July 1, 2012, employees participating in the PORS were required to contribute 7.00% of all earnable compensation. The employer contribution rate for PORS was 16.85%. Included in the total PORS employer contribution rate is a base retirement contribution of 11.90%, .20% for the incidental death program, .20% for the accidental death program, and a 4.55% surcharge that will fund retiree health and dental insurance coverage. The College's actual retirement, incidental death program and accidental death program contributions to the PORS for the years ended June 30, 2013, 2012, and 2011 were:

Fiscal Year Ended	Retirement		Incidental Death		Accidental Death	
	Rate	Contribution	Rate	Contribution	Rate	Contribution
2013	10.450%	\$ 18,757	0.20%	\$ 228	0.20%	\$ 228
2012	9.385%	12,805	0.20%	225	0.20%	225
2011	9.240%	13,145	0.20%	236	0.20%	236

As an alternative to membership to SCRS, newly hired State and school district employees may elect to participate in the State Optional Retirement Program (ORP), a defined contribution plan. The ORP was established in 1987 under Title 9, Chapter 20, of the South Carolina Code of Laws. State ORP participants direct the investment of their funds into a plan administered by one of four investment providers. The State assumes no liability for State ORP plan other than for payment of contributions to designated companies. To elect participation in the ORP, eligible employees must elect membership within their first 30 days of employment. Under State law, contributions to the ORP are required at the same rates as for the SCRS, 10.60% plus the retiree surcharge of 4.55% from the employer in fiscal year 2013. Of the 10.60% employer retirement contribution rate, the employer remits 5.00% directly to the participant's ORP account and the remaining 5.45% and .15% incidental death program contribution amounts are remitted to SCRS.

For fiscal year 2013, total contributions requirements to the ORP were approximately \$217,694 (excluding the surcharge) from the College as employer and approximately \$145,823 from its employees as plan members.

The amounts paid by the College for pension, incidental death program, and accidental death program contributions are reported as employer contribution expenditures within the applicable functional expenditure categories to which the related salaries are charged.

NOTE 5 - PENSION PLAN(S), Continued

Article X, Section 16, of the South Carolina Constitution requires that all State-operated retirement systems be funded on a sound actuarial basis. Title 9 of the South Carolina Code of Laws of 1976, as amended, prescribes requirements relating to membership, benefit, and employee/employer contributions for each retirement system. Employee and employer contribution rates to SCRS and PORS are actuarially determined.

The surcharges to fund retiree health and dental insurance are not part of the actuarially established rates.

For the current fiscal year, the SCRS and PORS do not make separate measurements of assets and pension benefit obligations for individual employers within the cost-sharing plan. Under Title 9 of the South Carolina Code of Laws, the College's liability under the plans is limited to the amount of required employer contributions (stated as a percentage of covered payroll) as established by the South Carolina Public Employee Benefit Authority and as appropriated in the South Carolina Appropriation Act and from other applicable revenue sources. Accordingly, the College recognizes no contingent liability for unfunded costs associated with participation in the plans.

NOTE 6 POST EMPLOYMENT BENEFITS OTHER THAN PENSIONS

Plan Description

In accordance with the South Carolina Code of Laws and the annual Appropriations Act, the State provides post-employment health and dental and long-term disability benefits to retired State and school district employees and their covered dependents. The College contributes to the South Carolina Retiree Health Insurance Trust Fund (SCRHITF) and the South Carolina Long-Term Disability Insurance Trust Fund (SCLTDITF), cost-sharing multiple employer defined benefit postemployment healthcare, and long-term disability plans administered by the Insurance Benefits Division (IB), a part of the South Carolina Public Employee Benefit Authority (PEBA).

Generally, retirees are eligible for the health and dental benefits if they have established at least ten years of retirement service credit. For new hires beginning employment May 2, 2008 and after, retirees are eligible for benefits if they have established 25 years of service for 100% employer funding and 15 through 24 years of service for 50% employer funding.

Benefits become effective when the former employee retires under a State retirement system. Basic Long-Term Disability (BLTD) benefits are provided to active state, public school district, and participating local government employees approved for disability.

Funding Policies

Section 1-11-710 of the South Carolina Code of Laws of 1976, as amended, requires these postemployment and long-term disability benefits be funded through annual appropriations by the General Assembly for active employees to the IB and participating retirees to the PEBA, except for the portion funded through the pension surcharge and provided from the other applicable sources of the IB, for its active employees who are not funded by State General Fund appropriations. Employers participating in the RMP are mandated by State statute to contribute at a rate assessed each year by the Office of the State Budget, 4.55% of annual covered payroll for 2013 and 4.30% of annual covered payroll for 2012. The IB sets the employer contribution rate based on a pay-as-you-go basis. The College paid approximately \$736,211 and \$720,193 applicable to the surcharge included with the employer contribution for retirement benefits for the fiscal years ended June 30, 2013 and 2012, respectively. BLTD benefits are funded through a person's premium charged to State agencies, public school districts, and other participating local governments. The monthly premium per active employee paid to IB was \$3.22 for the fiscal years ended June 30, 2013 and 2012.

YORK TECHNICAL COLLEGE
Notes to the Financial Statements, Continued
June 30, 2013

NOTE 6 POST EMPLOYMENT BENEFITS OTHER THAN PENSIONS, Continued

Effective May 1, 2008 the State established two trust funds through Act 195 for the purpose of funding and accounting for the employer costs of retiree health and dental insurance benefits and long-term disability insurance benefits. The SCRHITF is primarily funded through the payroll surcharge. Other sources of funding include additional State appropriated dollars, accumulated IB reserves, and income generated from investments. The SCLTDITF is primarily funded through investment income and employer contributions.

A copy of the complete financial statements for the benefit plans and the trust funds from PEBA Retirement Benefits and Insurance Benefits, 202 Arbor Lake Drive, Suite 360, Columbia, SC 29223.

NOTE 7 - CONTINGENCIES, LITIGATION, AND PROJECT COMMITMENTS

In the opinion of College Administration, there are no material claims or lawsuits against the College that are not covered by insurance or whose settlement would materially affect the College's financial position.

The College participates in certain Federal programs. These programs are subject to financial and compliance audits by the grantor or its representative. Such audits could lead to requests for reimbursement to the grantor agency for expenditures allowed under terms of the grant. The College administration believes disallowances, if any, be immaterial.

At June 30, 2013, the College had remaining project commitment balances of approximately \$285,341 for Deferred Maintenance, Health Science Facility, Hood Center Renovations and Master Plan Projects.

OTHER CAPITAL PROJECTS

Other capital projects, which are not to be capitalized when completed, are for replacements, repairs, and/or renovations to existing facilities.

Unrestricted Net Position

Planned Uses of Unrestricted Net Position at June 30:

	2013
60 Day Operating Reserve	\$ 5,545,380
Master Plan Implementation	19,098,795
Deferred Maintenance	900,000
Operating Contingency	348,818
	<u>\$ 25,892,993</u>

Planned Uses of Unrestricted Net Position at June 30:

	2012
60 Day Operating Reserve	\$ 5,394,199
Master Plan Implementation	16,814,277
Deferred Maintenance	900,000
Baxter Hood Center Update	800,000

NOTE 9 - LONG-TERM LIABILITIES, Continued

Long-term liability activity for the year ended June 30, 2012 was as follows:

	June 30, 2011	Addition	Reductions	June 30, 2012	Current Portion	Noncurrent Portion
Notes Payable	\$ 389,554	-	176,536	213,018	188,508	24,510
Accrued Compensated Absences	1,315,842	266,942	140,623	1,442,161	135,153	1,307,008
Total Long-Term Liabilities	<u>\$ 1,705,396</u>	<u>266,942</u>	<u>317,159</u>	<u>1,655,179</u>	<u>323,661</u>	<u>1,331,518</u>

NOTE 10 - RELATED ORGANIZATIONS, RELATED PARTY TRANSACTIONS, AND TRANSACTIONS WITH DISCRETELY PRESENTED COMPONENT UNITS

Certain separately chartered legal entities whose activities are related to those of the College exist primarily to provide financial assistance and other support to the College and its educational program. Financial statements for these entities are audited by independent auditors and retained by them. They include York Technical College Foundation.

Management reviewed its relationship with the Foundation under the existing guidance of GASB Statement No. 14 as amended by GASB 39. Because of the nature and the significance of its relationship with the College, the Foundation is considered a component unit of the College.

Following is a more detailed discussion of the Foundation and a summary of significant transactions (if any) between the Foundation and the College for the year ended June 30, 2013.

The York Technical College Foundation

The Foundation is a separately chartered corporation organized exclusively to receive and manage private funds for the exclusive benefit and support of York Technical College. The Foundation's activities are governed by its Board of Directors.

York Technical College recorded receipts of \$125,293 from the Foundation in non-operating revenues for the fiscal year ended June 30, 2013 and \$334,822 for the fiscal year ended June 30, 2012. These funds were used to support College programs such as scholarships and facility utilization. The Foundation reimburses the College for any purchases made by the College on behalf of the Foundation.

Related party receivables and payables as of June 30, 2013 and June 30, 2012 are as follows:

	June 30, 2013	June 30, 2012
Due from York Technical College Foundation	\$ 27,358	73,937
Due to York Technical College Foundation	-	-

More detailed discussion of the Foundation can be found in Note 17.

YORK TECHNICAL COLLEGE
Notes to the Financial Statements, Continued
June 30, 2013

NOTE 11 - RISK MANAGEMENT

The College is exposed to various risks of loss and maintains State or commercial insurance coverage for each of those risks. Management believes such coverage is sufficient to preclude any significant uninsured losses for the covered risks. Settlement claims have not exceeded this coverage in any of the past three years.

The State of South Carolina believes it is more economical to manage certain risks internally and set aside assets for claim settlement. Several state funds accumulate assets and the State itself assumes substantially all the risk for the following claims of covered employees:

- Unemployment compensation benefits
- Worker's compensation benefits for job-related illnesses or injuries
- Health and dental insurance benefits
- Long-term disability and group-life insurance benefits

Employees elect health insurance coverage through either a health maintenance organization or through the State's self-insured plan.

The College and other entities pay premiums to the State's Insurance Reserve Fund (IRF), which issues policies, accumulates assets to cover the risk of loss, and pays claims incurred for covered losses relating to the following activities:

- Theft, damage to, or destruction of assets including data processing;
- Real property, its contents, and other equipment;
- Motor vehicles;
- General tort liability

The IRF is a self-insurer and purchases reinsurance to obtain certain services and to limit losses in certain areas. The IRF's rates are determined actuarially.

The College obtains coverage through a commercial insurer for employee fidelity bond insurance for all employees for losses arising from theft or misappropriation.

NOTE 12 - OPERATING EXPENSES BY FUNCTION

Operating expenses by functional classification for the year ended June 30, 2013 are summarized as follows:

	Salaries	Benefits	Scholarship	Utilities	Supplies and Other Services	Deprecation	Total
Instruction	\$ 10,873,570	3,001,028	-	-	1,946,923	-	15,821,521

NOTE 13 - STATE APPROPRIATIONS

State funds for the South Carolina Technical College System are appropriated to the State Board for Technical and Comprehensive Education (the Board) and the Board allocates funds budgeted for the technical colleges in a uniform and equitable manner. Appropriations are recognized as revenue when received and available. Amounts that are not expended by fiscal year-end lapse and are required to be returned to the General Fund of the State unless the Board receives authorization from the General Assembly to carry the funds over to the next year.

The following is a detailed schedule of State appropriations revenue reported in the financial statements for the fiscal year ended June 30, 2013 and June 30, 2012.

	2013	2012
NON-CAPITAL APPROPRIATIONS		
Current Year's Appropriations:		
Appropriations from State Board Allocation - Salary and Fringes	\$ 5,609,783	5,357,821
Appropriations from SC Education Lottery Fund	218,445	171,579
Appropriations from State Board Allocation - Pathways	21,406	53,846
Total Non-Capital Appropriations Recorded as Current Year Revenue	<u>\$ 5,849,634</u>	<u>5,583,246</u>
CAPITAL APPROPRIATIONS		
Deferred Maintenance	\$ 182,546	166,893
Total Capital Appropriations Recorded as Current Year Revenue	<u>\$ 182,546</u>	<u>166,893</u>

Net Position - Ending	\$ 49,997,826	49,090,888	906,938

NOTE 15 – NOTE PAYABLE

The College did not have any outstanding notes payable at June 30, 2013:

The College had a note payable with First Citizens Bank, dated May 21, 2007, for 3D Systems University Construction Project in the amount of \$950,000 at 6.84% interest. Annual payments of \$194,875 were made on January 15 of each year, beginning January 15, 2008. The final payment was due January 15, 2013. York County has designated fee revenues to reimburse the College for payments made to the note holder.

During fiscal year ended June 30, 2010, the College received an award from the State Energy Program, American Recovery and Reinvestment Act, for energy efficiency and renewable energy improvements to facilities. Twenty-five percent of the award, \$36,763.35, was in the form of a no-interest loan. The College began making annual payments of \$6,127.29 on November 1, 2011 with a final payment due November 1, 2016. The conditions of the loan provided for an early payoff, in whole or in part, at any time during the loan period. The College opted to pay the loan balance on March 28, 2013.

The amortization scheduled maturities of the notes payable at June 30, 2013 are as follows:

	Principal	Interest	Payments	Balance
2014	\$ -	-	-	-
2015	-	-	-	-
2016	-	-	-	-
2017	-	-	-	-
2018	-	-	-	-

2017	6,129	-	6,129	-
Grand Total	213,018	12,452	225,470	61,278

NOTE 16 – AMERICAN RECOVERY AND REINVESTMENT ACT (ARRA) FUNDS

The College incurred expenditures of \$6,155 during fiscal year 2013 and expenditures of \$83,157 during fiscal year 2012 under American Recovery and Reinvestment Act (ARRA) funding. These funds were awarded to the College via pass-through funding from the U.S Department of Education (State Fiscal Stabilization Funds), U.S. Department of Labor (Workforce Investment Act), and the U.S. Department of Energy (State Energy Program). ARRA funds were primarily used to provide scholarships and student support for Workforce Investment Act participants. In addition, funds were used to provide instructional support and instructional equipment.

The schedules below list the individual funds and expenses and expenses by functional classification.

YORK TECHNICAL COLLEGE FOUNDATION, INC.

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2013

General

The York Technical College Foundation, Inc. (the Foundation) was incorporated under the laws of South Carolina on May 17, 1983, for the purpose of seeking funds and resources to further the educational mission of York Technical College. The Foundation is exclusively a charitable and educational corporation within the meaning of section 501(c)(3) of the Internal Revenue Service Code.

Summary of Significant Accounting Policies

Classes of Net Assets

The financial statements report amounts separately by class of net assets:

Unrestricted Net Assets - Unrestricted Net Assets are those currently available for use by the Foundation.

Temporarily Restricted Net Assets - Temporarily Restricted Net Assets are contributions whose use is limited by donor-imposed stipulations that either expire by passage of time or can be fulfilled and removed by actions of the Foundation pursuant to these stipulations.

Permanently Restricted Net Assets - Permanently Restricted Net Assets are contributions whose use is limited by donor-imposed stipulations that neither expire by passage of time nor can be fulfilled or otherwise removed by the organization's actions.

Donor-Imposed Restrictions - All contributions are considered to be available for unrestricted use unless specifically restricted by the donor. Amounts received that are designed for future periods or restricted by donor for specific purposes are reported as temporarily restricted or permanently restricted support that increase those net asset classes. However, if a restriction is fulfilled in the same time period in which the contribution is received, the Foundation reports the support as unrestricted.

For the fiscal year 2012-2013, temporarily restricted net assets are restricted for scholarships to York Technical College students, as well as, equipment, building improvements, buildings and teacher incentives. Permanently restricted net assets are named endowments of which the earnings from the corpus are to be used for scholarships.

YORK TECHNICAL COLLEGE FOUNDATION, INC.

NOTES TO FINANCIAL STATEMENTS

— CONTINUED —

Summary of Significant Accounting Policies (Continued)

Cash and Cash Equivalents - For purposes of the statement of cash flows, cash and cash equivalents are considered to be cash or highly liquid investments with a maturity of three months or less when purchased.

Cash and Investments – The cash balance at June 30, 2013 was \$183,602 and the bank balance was \$189,338. All amounts were insured by the Federal Deposit Insurance Corporation.

Investments are presented in the financial statements in the aggregate at fair market value. Investments consist of two separate trusts under agreements with a financial management company. The trustee, by agreement, can invest in stocks, bonds, negotiable securities and property (real and personal) as the trustee deems advisable. All investments are in the name of the Foundation. The cost and fair values of the investments are listed below:

	<u>Cost</u>	<u>Fair Value</u>
Money funds	\$ 192,392	\$ 192,392
Fixed income:		
U.S. Government Agency	725,614	703,987
Corporates	768,020	745,859
Mutual Funds	1,529,562	1,719,281
Equities	1,513,926	1,734,719
	<u>\$ 4,729,514</u>	<u>\$ 5,096,238</u>

The Foundation accounts for its investments at fair value. Changes in unrealized gain (loss) on the carrying value of investments are reported as a component of investment income in the statement of activities.

The total unrealized gains at June 30, 2013 are \$366,724.

YORK TECHNICAL COLLEGE FOUNDATION, INC.

NOTES TO FINANCIAL STATEMENTS

— CONTINUED —

Summary of Significant Accounting Policies (Continued)

Public Support, Revenue and Expenses – The Foundation recognizes contributions and investment income on the accrual basis. Interest income earned on the endowments are allocated to the endowments in the endowment fund. All other interest income is recorded in the general fund. Revenue is recorded when earned. Expenses are recorded when incurred in accordance with the accrual basis of accounting.

Management Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Endowment

The Foundation's endowment includes donor restricted endowment funds. As required by accounting principles generally accepted in the United States, net assets associated with endowment funds are classified and reported based on the existence or absence of donor imposed restrictions.

The Foundation has interpreted that the South Carolina Uniform Prudent Management of Institutional Funds Act does not apply to the endowment funds at the Foundation because these funds are all held at a financial institution who acts as trustee.

Property, Plant and Equipment

Property, plant and equipment are carried at cost. The Foundation reports depreciation using the straight-line method over the estimated useful lives of the respective assets. Estimated useful lives are generally as follows:

Land improvements	20 years
Buildings and improvements	28 years
Furniture	3 years

YORK TECHNICAL COLLEGE FOUNDATION, INC.

NOTES TO FINANCIAL STATEMENTS

— CONTINUED —

Property, Plant and Equipment (Continued)

The Foundation capitalizes all long-term assets with a cost or donated fair value of \$1,000 or more. Property, plant and equipment details are as follows:

Cost	June 30, 2012	Additions	Deletions	June 30, 2013
Land	\$ 545,152	\$ 52,747	\$ -	\$ 597,899
Land improvements	28,000	-	-	28,000
Building	583,812	-	-	583,812
Building improvements	74,668	-	-	74,668
	<u>1,231,632</u>	<u>52,747</u>	<u>-</u>	<u>1,284,379</u>
<u>Accumulated Depreciation</u>				
Land improvements	(21,000)	(1,400)	-	(22,400)
Building and improvements	(167,010)	(23,518)	-	(190,528)
	<u>(188,010)</u>	<u>(24,918)</u>	<u>-</u>	<u>(212,928)</u>
Net book value	<u>\$ 1,043,622</u>	<u>\$ 27,829</u>	<u>\$ -</u>	<u>\$ 1,071,451</u>

Depreciation expense recorded for 2012/2013 was \$24,918.

Taxes

The Foundation meets the requirements of the Internal Revenue Code and is exempt from federal income tax under Section 501(c)(3) of the Code. As of the date of this report, the tax years ending June 30, 2013, 2012, 2011 and 2010 remain open and subject to review by the Internal Revenue Service. Management of the Foundation does not expect any tax liability to result from these tax periods. The Foundation is not classified as a private foundation.

YORK TECHNICAL COLLEGE FOUNDATION, INC.

NOTES TO FINANCIAL STATEMENTS

— CONTINUED —

Contributions Receivable, net

The contributions receivable in the temporarily restricted fund are related to pledges for capital projects and the Annual Fund. The full amount of \$85,366 discounted to present value at 4% is expected to be collected over the next two years. Management does not expect any losses, thus no allowance for uncollectible amounts has been recorded. The contributions receivable details are as follows:

Balance as of June 30, 2013	\$ 85,366
Less: discount for time value of money	(3,414)
Net	<u>\$ 81,952</u>

Total expected future receipts:	
2014	\$ 84,766
2015	600
Total	<u>\$ 85,366</u>

Investment Income

Investment income consists of the following:

Interest and dividends	\$ 96,471
Gains and losses	410,618
Fees	(35,043)
	<u>\$ 472,046</u>

YORK TECHNICAL COLLEGE FOUNDATION, INC.

NOTES TO FINANCIAL STATEMENTS

— CONTINUED —

Related Party Transactions

Due to the purpose of the Foundation, York Technical College (the “College”) is a related party. The Foundation seeks funds and resources to further the educational mission of the College. It provides to the College’s students, scholarships, while the College provides to the Foundation, the personnel to manage the Foundation’s activities. All transactions are conducted at arms-length.

Amounts paid to the College were \$38,000 for salaries, \$56,393 for scholarships, \$3,000 for rent, \$98,513 for grants and contracts and \$2,437 for supplies and other costs. In addition to these paid amounts, the Foundation owes the College a total of \$30,947 for various items at June 30, 2013, which is included in accounts payable.

The College also leases, through an annually renewable operating lease, three instructional facilities from the Foundation. The annual lease rates for the next year are \$56,279 for the Wilson Street property and \$20,000 each for the Heavy Equipment Building and the Saluda Street facility. The lease must meet length conditions before the State will approve it and the State must approve all leases with the College. The Foundation collected \$96,279 for these leases during the year ended June 30, 2013.

Sales Tax Payable

The Foundation has established a sales tax payable liability account. This account represents sales tax not collected by vendors on orders placed by the Foundation. The funds in this account will be payable to the State of South Carolina Department of Revenue upon the establishment of an account.

Employee Compensated Absences

The Foundation has no employees as all persons providing services to the Foundation are either College employees or independent contractors. As such, any College employee’s rights to receive compensation for future absences, such as vacation, are not recognized in these financial statements.

YORK TECHNICAL COLLEGE FOUNDATION, INC.

NOTES TO FINANCIAL STATEMENTS

— CONTINUED —

Contingencies and Commitments

Due to the nature of the Foundation's normal activities, it is routinely subject to a variety of claims and demands by various individuals and entities. Loss contingencies are situations involving uncertainties as to possible loss. The uncertainties are resolved when certain events occur or fail to occur. Loss contingencies may be the result of litigation, claims, audit disallowances, threatened property loss, or uncollectible receivables. Such situations are loss contingencies if the related liability has not been recorded, yet a loss is reasonable possible. Guarantees of other's debts are loss contingencies, however, even if the probability of loss is remote. The Foundation maintains insurance against certain loss contingencies with liability policies and physical damage coverage. At the date of this report, management is not aware of any contingencies that will result in any material loss to the Foundation.

Fair Value

Information about the fair value of financial instruments for which it is practical to estimate that value, whether or not recognized in the Statement of Financial Position, is required to be disclosed. Fair value is determined using various methods and assumptions.

The following methods and assumptions were used to estimate the fair value for the classification within the financial statements:

- *Cash, accounts receivable and accounts payable* – fair value approximates the carrying value due to the short maturity of these financial instruments.
- *Investments* – fair value is approximated by the balance reported by the custodian based on market values of the investment assets.
- *Contributions receivable* – fair value is approximated by discounting the expected future cash flows.

When quoted market prices are not available, fair values are based on estimates using present value or other valuation techniques. Those techniques are significantly affected by the assumptions used, including the discount rate and estimates of future cash flows. In that regard, the derived fair value estimates cannot be substantiated by comparison to independent markets and, in many cases could not be realized in immediate settlement of the instrument.

YORK TECHNICAL COLLEGE FOUNDATION, INC.

NOTES TO FINANCIAL STATEMENTS

— CONTINUED —

Fair Value (Continued)

The following levels of input for measurement of fair value have been defined to assist the user in evaluating the fair value disclosure information:

Level 1	Quoted prices in an active market for identical assets or liabilities.
Level 2	Other quoted prices in active markets for similar assets or liabilities, quoted prices for identical assets or liabilities in markets that are not active for transactions or availability of information, other observable sources of information, and information derived principally from or corroborated from observable sources of information.
Level 3	Unobservable sources of information, primarily management's assumptions about potential market participants.

The estimated fair values of the Foundation's financial instruments are as follows and are included in the statement of financial position under similar descriptions:

	Level	Carrying Value	Fair Value
<u>Financial assets:</u>			
Cash	1	\$ 183,602	\$ 183,602
Investments	1	\$ 5,096,238	\$ 5,096,238
Accounts receivable	2	\$ 27,158	\$ 27,158
Contributions receivable	2	\$ 81,952	\$ 81,952
Accounts payable	2	\$ 66,165	\$ 66,165

Certain financial instruments and all nonfinancial instruments are excluded from the fair value disclosure requirements. Accordingly, the aggregate fair value amounts presented do not necessarily represent the value of the Foundation. The Foundation recognized \$410,618 in unrealized gains resulting from changes in fair value during the period.

YORK TECHNICAL COLLEGE FOUNDATION, INC.

NOTES TO FINANCIAL STATEMENTS

— CONTINUED —

Endowment Fund

The Foundation's endowment fund includes donor restricted endowment funds. As required by accounting principles generally accepted in the United States, net assets associated with endowment funds are classified and reported based on the existence or absence of donor imposed restrictions.

The Foundation has interpreted that the South Carolina Uniform Prudent Management of Institutional Funds Act does not apply to the endowment funds at the Foundation because they are all held at a financial institution who acts as trustee.

Changes in the endowment net assets for the years ended June 30, 2013, and 2012 are as follows:

	Endowment Fund			
	Unrestricted	Temporarily Restricted	Permanently Restricted	Total
Endowment net assets, June 30, 2012	\$ -	\$ 567,767	\$ 3,170,047	\$ 3,737,814
Investment return	-	455,744	-	455,744

TABLE OF CONTENTS - STATISTICAL NARRATIVE

This section of the York Technical College Comprehensive Annual Financial Report presents information that will assist in understanding the information in the financial statements, note disclosures, and the supplementary information about the overall financial health of the College.

67 FINANCIAL TRENDS SECTION

The schedules in this section contain trend information to assist in understanding how the College's financial performance and well-being have changed over time.

69	Changes in Net Assets
72	Net Assets by Component
73	Operating Expenses by Function
74	Operating Expenses by Activity
75	Current Unrestricted Expenses per Student FTE

77 REVENUE CAPACITY SECTION

The schedules in this section contain information to assess the College's most significant revenue sources.

79	Revenue by Funding Source
80	Tuition and Required Fees
81	Average Published Tuition and Fees and State Appropriations per FTE

83 DEBT CAPACITY SECTION

The schedule in this section presents information that assess the affordability of the College's current level of outstanding debt and the ability of the College to issue additional debt in future years.

85	Long-term Debt
----	----------------

87 DEMOGRAPHIC & ECONOMIC INFORMATION SECTION

The schedules in this section offer demographic and economic indicators to assist in understanding the environment within the college's financial activities it performs.

89	Admissions, Enrollment and Degrees Earned
91	First-Time Freshmen - Fall Enrollment
92	First-Time Freshmen - Fall Enrollment (by Segment)
93	Corporate and Continuing Education Programs and Division Statistics
94	Demographic Data
95	Principal Employers by County

97 OPERATING INFORMATION SECTION

The schedules in this section contain service and infrastructure data to assist in understanding how the information in the College's financial report relates to the services it provides and the activities it performs.

99	Faculty and Staff
100	Space Utilization

101 OTHER INFORMATION SECTION

The schedules in this section are additional information that is not required By GASB 44 Statement but is of interest to those reading the report.

103	Program Accreditations and Approvals
103	Non-Discrimination Policy

REVENUE BY FUNDING SOURCE
LAST TEN FISCAL YEARS

Federal Grants/Contracts : The sharp rise, and subsequent decline, in Federal Grants and Contracts is primarily the result of funds received under the Workforce Investment Act. The funds were provided to address the employment and training needs of adults, dislocated workers and youth.

AVERAGE PUBLISHED TUITION AND FEES
PUBLIC TWO-YEAR AND FOUR-YEAR INSTITUTIONS
2012-2013

Note: Average tuition and fee prices are weighted by full-time enrollment.
 Data on individual states tuition and fees should be interpreted with caution because of the possible impact of reporting errors and missing data on states with small numbers of institutions.

Independent Auditors' Report On Compliance For
Each Major Program And On Internal Control Over
Compliance Required by OMB Circular A-133

Report on Compliance for Each Major Federal Program

We have audited York Technical College's compliance with the types of compliance requirements described in the *(OMB) Circular A-133 Compliance Supplement* that could have a direct and material effect on each of York Technical College's major federal programs for the year ended June 30, 2013. York Technical College's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts and grants applicable to its federal programs.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of the College's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and (OMB) Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about York Technical College's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination on York Technical College's compliance.

Opinion on Each Major Federal Program

In our opinion York Technical College complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on its major federal programs for the year ended June 30, 2013.

Other Matters

The results of our auditing procedures disclosed instances of noncompliance, which are required to be reported in accordance with OMB Circular A-133 and which are described in the accompanying schedule of findings and questioned costs as items SD 2013-1, SD 2013-2, and MW 2013-1. Our opinion on each major federal program is not modified with respect to these matters.

York Technical College's response to the noncompliance findings identified in our audit is described in the accompanying schedule of findings and questioned costs. York Technical College's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

Report on Internal Control Over Compliance

Management of York Technical College is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirement referred to above. In planning and performing our audit, we considered York Technical College's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of York Technical College's internal control over compliance.

Our consideration of internal control over compliance was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as discussed below, we identified certain deficiencies in internal control over compliance that we consider to be a material weakness and significant deficiencies.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. We consider the deficiencies in internal control over compliance described in the accompanying schedule of findings and questioned costs as items MW 2013-01 to be a material weakness.

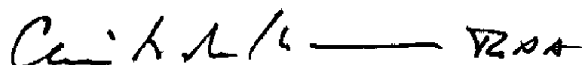

A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance. We consider the deficiencies in internal control over compliance described in the accompanying schedule of findings and questioned costs as items SD 2013-01 and SD 2013-02 to be significant deficiencies.

York Technical College's response to internal control over compliance findings identified in our audit is described in the accompanying schedule of findings and questioned costs. York Technical College's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

Report on Schedule of Expenditures of Federal Awards Required by OMB Circular A-133

We have audited the financial statements of the business-type activities of York Technical College, a discretely presented component unit of the State of South Carolina, as of and for the years ended June 30, 2013 and June 30, 2012, and the related notes to the financial statements, which collectively comprise the College's basic financial statements. We issued our report thereon dated September 19, 2013, which contained an unmodified opinion on those financial statements. Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by U.S. OMB Circular A-133 and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the basic financial statements as a whole.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

A handwritten signature in black ink, appearing to read "C. H. H. / 16" followed by a horizontal line and the word "Y2013".

Independent Auditors' Report On Internal Control Over
Financial Reporting And On Compliance And Other Matters
Based On An Audit Of Financial Statements Performed
In Accordance With Government Auditing Standards

York Technical College
Rock Hill, South Carolina

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the business-type activities of York Technical College, a discretely presented component of the State of South Carolina, as of and for the years ended June 30, 2013 and June 30, 2012, and the related notes to the financial statements, which collectively comprised York Technical College's basic financial statements, and have issued our report thereon dated September 19, 2013. Our report includes a reference to other auditors who audited the financial statements of York Technical College Foundation, Inc., as described in our report on York Technical College's financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors. The York Technical College Foundation, Inc.'s financial statements were not audited in accordance with Government Auditing Standards.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered York Technical College's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of York Technical College's internal control. Accordingly, we do not express an opinion on the effectiveness of the York Technical College's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether York Technical College's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance that are required to be reported under *Government Auditing Standards* and which are described in the accompanying schedule of findings and questioned costs as items MW 2013-01, SD 2013-01, and SD 2013-02.

York Technical College's responses to findings identified in our audit are described in the accompanying schedule of findings and question costs. York Technical College's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

A handwritten signature in black ink, appearing to read "Cynthia A. [unclear] CPA". The signature is written in a cursive style with a horizontal line extending from the middle of the name.

YORK TECHNICAL COLLEGE
Notes To Schedule Of Expenditures Of Federal Awards
For The Year Ended June 30, 2013

1. GENERAL

The accompanying Schedule of Expenditures of Federal Awards presents the activity of all federal awards of York Technical College. The reporting entity is defined in Note 1 of the College's financial statements. All federal awards received directly from federal agencies, as well as federal awards passed through other government agencies, is included on the schedule.

2. BASIS OF ACCOUNTING

The accompanying Schedule of Expenditures of Federal Awards is presented using the accrual basis of accounting, which is described in Note 1 of the College's financial statements.

3. PARTICIPATION AGREEMENT

The College does not participate in any of the Department of Education or Health and Human Services Student Loan Programs.

4. FEDERAL LOAN PROGRAMS

The College has students who have approved loans which were received by those students during the current year. The totals and types of loans received for the current fiscal year are:

Department of Education	CFDA # 84.268	
	Subsidized	\$ (11,739)
	Unsubsidized	<u>6,275,306</u>
		<u><u>\$ 6,263,567</u></u>

YORK TECHNICAL COLLEGE
Summary Schedule Of Prior Audit Findings
June 30, 2013

Findings Relating to the Financial Statements:

There were no findings relating to the financial statements.

Findings and Questioned Costs Relating to Federal Awards:

Student Financial Aid Cluster

MW 12-01 Verification

Condition: The College verification policies and procedures were not consistently followed and applied.

MW 12-02 Eligibility

Condition: A student received Title IV aid before the financial aid office established that the student passed an "ability-to-benefit" test".

MW 12-03 Disbursement

Condition: A student was enrolled in seven (7) credit hours however; the total Pell award that the student received was based on ten (10) credit hours.

SD 12-01

Condition: A student in our sample was enrolled in less than six (6) credit hours but received a Direct Loan disbursement.

SD 12-02

Condition: In our sample 25, we found 2 instances where the student's documented last day of attendance did not agree with the last day of attendance used in the return of title IV calculation.

SD 12-03

Condition: In our sample of 25 we found 1 where a student was enrolled in a 12 week session however the return of title IV was calculated using the days in a regular credit-hour program.

Gaffney SC 29342

Follow-up to Fiscal Year 2012 Corrective Action Plans

Student Financial Aid Cluster

MW 12-01 Verification

Corrective Action Plan Follow-up

Effective November 1, 2012, one financial aid staff member is performing all verification and the system was setup to alert for items to be verified. The Application and Verification Guide published in the Federal Student Aid Handbook is read/reviewed annually.

MW 12-02 Eligibility

Corrective Action Plan Follow-up

No course of action is required for the eligibility finding for ability-to-benefit, because it is no longer applicable as of July 1, 2012. New students without a high school diploma or GED are not eligible for Title IV aid and system award rules are in place to prevent the awarding of aid to these students.

MW 12-03 Disbursement

Corrective Action Plan Follow-up

Organizational changes provide staff with an improved work environment and the ability to concentrate on the tasks at hand thereby improving accuracy. One staff member is reviewing the pre-transmittal report each semester for accuracy.

SD 12-01 Disbursement

Corrective Action Plan Follow-up

The system award rule and transmittal rule is preventing students with less than six hours to not receive direct loan funds. In addition, the review of the pre-transmittal report and reviewing the report of never attended students three times each week is helping to prevent errors.

SD 12-02 Return of Title IV Funds

Corrective Action Plan Follow-up

Effective November 1, 2012, one staff member is responsible for all return to Title IV calculations.

SD 12-03 Return of Title IV Funds

Corrective Action Plan Follow-up

Effective November 1, 2012, one staff member is responsible for all return to Title IV calculations.

Sincerely,

A handwritten signature in black ink that reads "Angela Fowler". The script is cursive and fluid, with the first name "Angela" and last name "Fowler" clearly distinguishable.

YORK TECHNICAL COLLEGE
Schedule of Findings and Questioned Costs
June 30, 2013

Summary of Auditors' Results:

GAGAS

An unmodified opinion was issued on York Technical College's basic financial statements dated September 19, 2013.

There were no significant deficiencies or material weaknesses. No instances of noncompliance material to the financial statement were disclosed by the audit of their financial statements.

A-133

An unmodified opinion was also issued on compliance of major programs at York Technical College dated September 19, 2013. A material weakness and significant deficiencies in the internal control over major program were found. Our audit disclosed findings that are required to be reported under OMB Circular A-133.

The major programs at York Technical College are the Student Financial Aid Cluster from the U.S. Department of Education. Type A programs are defined as those that expended \$300,000 or more. York Technical College's total federal awards expended for the year ended June 30, 2013 were between \$10 million and \$100 million.

York Technical College is not a low-risk auditee according to the criteria in OMB Circular A-133.

Findings Relating to Financial Statements:

There were no findings relating to financial statements.

Findings and Questioned Costs Relating to Federal Awards:

Student Financial Aid Cluster

MW 13-01 Exit Counseling

- | | |
|------------|--|
| Condition: | In our sample of 60, we found five students whose exit counseling was not documented. |
| Criteria: | A school must ensure that exit counseling is conducted with each Direct Subsidized Loan or Direct Unsubsidized Loan borrower shortly before the student borrower ceases at least half-time study at the school. The school must maintain documentation substantiating the school's compliance with this section for each student borrower. 34 CFR 685.304(b)(1), 34 CFR 685.304(b)(7). |
| Cause: | The loan counselor has not been receiving reports of students who are required to receive exit counseling in a timely manner. |
| Effect: | The exit counseling is not being properly documented in compliance with the regulations. |

Findings and Questioned Costs Relating to Federal Awards:, Continued

SD 13-01 Verification

- Condition: In our sample of 60, 35 were selected for verification, of the 35 that were selected for verification, we found five students who indicated on their verification worksheet that they are food stamp or SNAP recipients, however the Student Aid Report (SAR) had not been updated for their information, as required.
- Criteria: For each award year the Secretary publishes in the Federal Register notice the FAFSA information that an institution and an applicant may be required to verify. (*CFR 34 668.56*) For award year 2012-2013, one of the items to be verified is Food Stamp-Supplemental Nutrition Assistance Program (SNAP).
- Cause: The financial aid office failed to compare the student's Student Aid Report (SAR) to student's verification worksheet.
- Effect: These students may have received an incorrect award.

SD 13-02 Cost of Attendance

- Condition: In our sample of 60, we found two students that are South Carolina residents but the budgeted cost of attendance used was based on the out-of-state rate.
- Criteria: The cost of attendance is the cornerstone of establishing a student's financial need, as it sets a limit on the total aid that a student may receive. (*Federal Student Handbook Volume 3-33 and Higher Education Act of 1965 Sec. 472*)
- Cause: The financial aid office was not notified that these students had changed their residency status.
- Effect: The cost of attendance used to calculate the student's financial need was incorrect.

Responses to Fiscal Year 2013 Audit Findings

SD - Verification

Corrective Action Plan

As of November 1, 2012, one person is responsible for all verification and the system was setup to alert for items to be verified. The Application and Verification Guide published in the Federal Student Aid Handbook is read and reviewed annually in addition to being used as a reference when questions arise. By having one staff member, Financial Aid Systems Analyst, responsible for this function, it helps with consistency and accuracy being applied to all aid applicants.

SD – Cost of Attendance

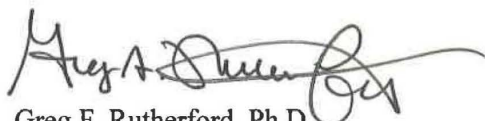

Corrective Action Plan

The FAO will be notified if a student's residency is changed, because student budgets (COA) are assigned upon import of the ISIR. The Administrative Coordinator for Enrollment Services is alerting the Financial Aid Systems Analyst to changes in the student's residency status as it occurs so that changes to the student's cost of attendance can be updated.

MW – Direct Loan Testing

Corrective Action Plan

The Loan Counselor is receiving a report of students who are required to receive exit counseling. She is sending letters to all students who have received Direct Loans and dropped below six credit hours. The letter explains the purpose of completing the exit counseling and a restriction is placed on their accounts until it is completed. Students are not able to obtain their degree, diploma, certificate and/or transcript until this is complete.
